OVERVIEW

Alisio Mini is a partner range inspired by the original, largely popular Alisio range from Mantra. With all the same desirable features including tuneable LED lighting, quiet yet efficient DC motor, inverter function and fan speed adjustments, Alisio Mini is simply a smaller version

providing a more ideal solution for smaller spaces whilst still keeping an impressive 70W output. Given the compact configuration and design, it provides a reassuring security by hiding its transparent blades, in an aesthetically discreet way, avoiding dangers and involuntary accidents. The included remote control makes use of the fan light easy and effortless. This range also presents the fan in an alternative black colour finish for a more modern touch.
